Mobile Repairs. There are several types of pet foods on the market and not all are compatible with your dog's skin. This recipe is chock full of ingredients

that are gentle enough for skin contact but still allow your dog to retain healthy skin and coat. This recipe is designed to last for weeks and a perfect base recipe for your dog's dry, winter food. This is a batch recipe that will easily feed 4 to 10 dogs. I'm going to give a quick overview of the ingredients and also the ratios. I realize that many vets will make their own feed but for the very busy pet owner, this is the way to go. Again you may use this recipe as a baseline and adjust accordingly. Ingredients: Dry Food: 8 cups Corn meal, 8 cups Homemade. Faster Download, Increased download
